

How to Order the Florida Voluntary Prekindergarten (VPK) Assessment Kit

The Florida Department of Education in collaboration with the Florida Center for Reading Research (FCCR) has developed the Florida Voluntary Prekindergarten (VPK) Assessment. The purpose of this assessment is to provide teachers with valid and reliable feedback regarding children's progress in attaining skills in the *Florida Early Learning and Developmental Standards for Four-Year-Olds (2011)* (Standards for Four-Year-Olds) so that teachers may use this information to inform instructional decisions in the VPK classroom. This assessment would be an appropriate measure for use in any educational program serving four-year-olds.

The VPK Assessment includes progress monitoring measures in the areas of Print Knowledge, Phonological Awareness, Mathematics, and Oral Language/Vocabulary that are aligned with the Standards for Four-Year-Olds. The VPK Assessment is administered three times during the year: September, January, and April/May.

The VPK Assessment Kit and replacement items may be ordered **at any time during the year**. Keep in mind that the assessment is designed for use as **one kit per classroom** (e.g., if a provider has two VPK teachers/classes, only two kits would need to be ordered.). **The price per kit is \$83.53.**
